

RITH LAUNDRY

Rith
Laundry

INTRODUCTION:

In recent times appearance has become a vital part in every person's life, providing laundry service to the people in need can prove to be an effective way of doing business. These laundry services can be made accessible to the public with the help of a user friendly application. A mobile application is something which provides an interface between the service provider and the customer. A mobile application can be built on several platforms, android and ios. Android uses java and ios uses swift. But to create an application for both ios and android at the same time is difficult. To, handle this situation cross platform languages are used, the most recent and successful one being "React Native".

Objective:

The main aim of building an application on laundry services is, Now-a-days one of the greatest problem faced by working class people as well as students is getting their clothes washed on time. This project involves building an android application on laundry services using REACT NATIVE. The main aim of using "react native" is to make the application available both for ANDROID as well as IOS devices as it is cross platform software.

IMPLEMENTATION:

For the purpose of developing login and registration pages, comprehensive coding is provided here.

Major roles are played by platforms like Laravel, React Native, etc.

DESIGN IMPLEMENTATION AND RESULTS:

The actual live operation of the designed software is referred to as design implementation. The software modules are presented in this part along with descriptions of their functions and deployment options.

FEATURES:

- ❖ Subscription module
- ❖ Dynamic time slot allocation
- ❖ Instantaneous address
- ❖ Google Map navigation
- ❖ Geofencing
- ❖ Suggestion box convenience
- ❖ Cart revise possibilities
- ❖ Optimized order chasing
- ❖ RTL applicable
- ❖ Promo codes Offer
- ❖ Order intendance
- ❖ Call opportunity
- ❖ Payment Avenue
- ❖ Re-engage with catch up notifications

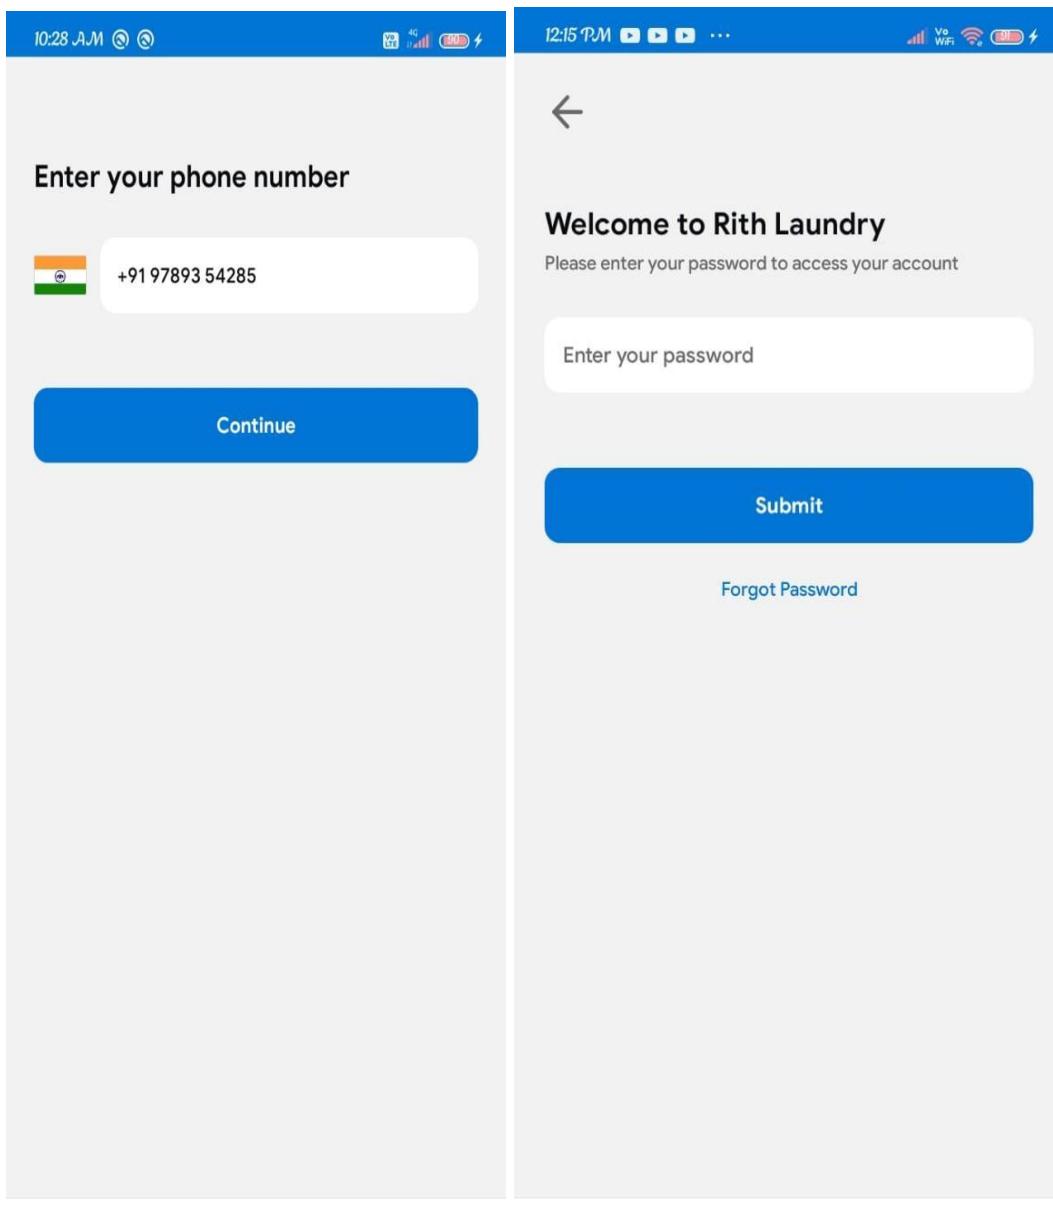

SPLASH SCREEN:

Here, a customer's Rith Laundry application's splash screen and logo will be shown for 2-3 seconds. Here, your app name and logo will be shown.

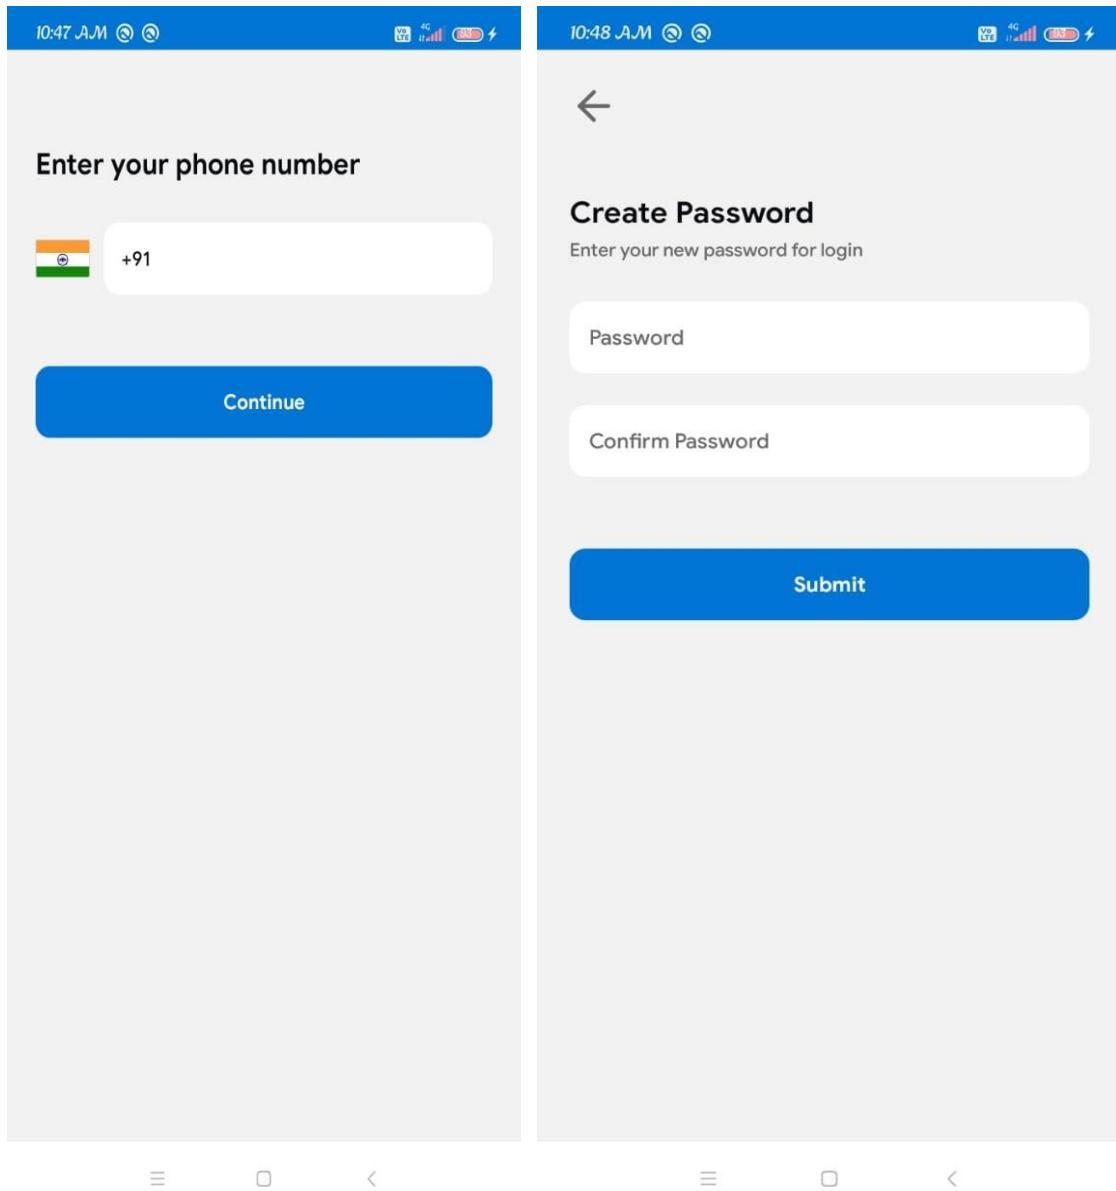

CUSTOMER LOGIN:

Existing users can access the app from this page by entering their login information, which includes their phone number and password. Additionally, this page has a feature that enables users to maintain their login status even after closing the application.

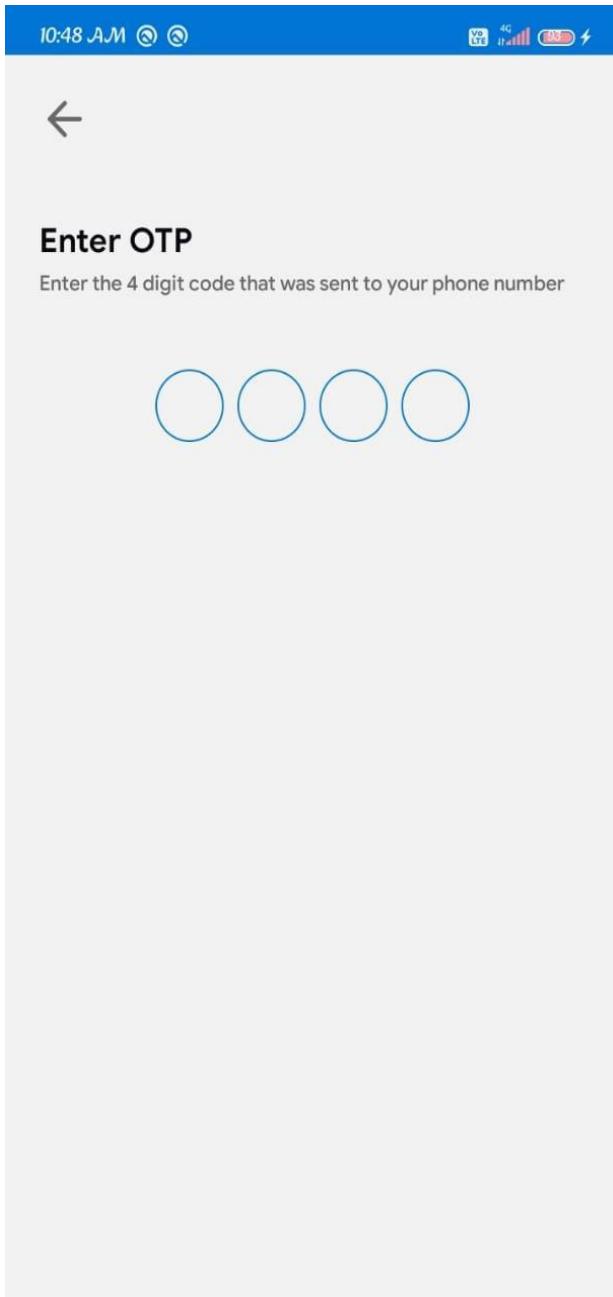

NEW USER REGISTER:

On the new user registration screen, you can enter your mobile number and password.

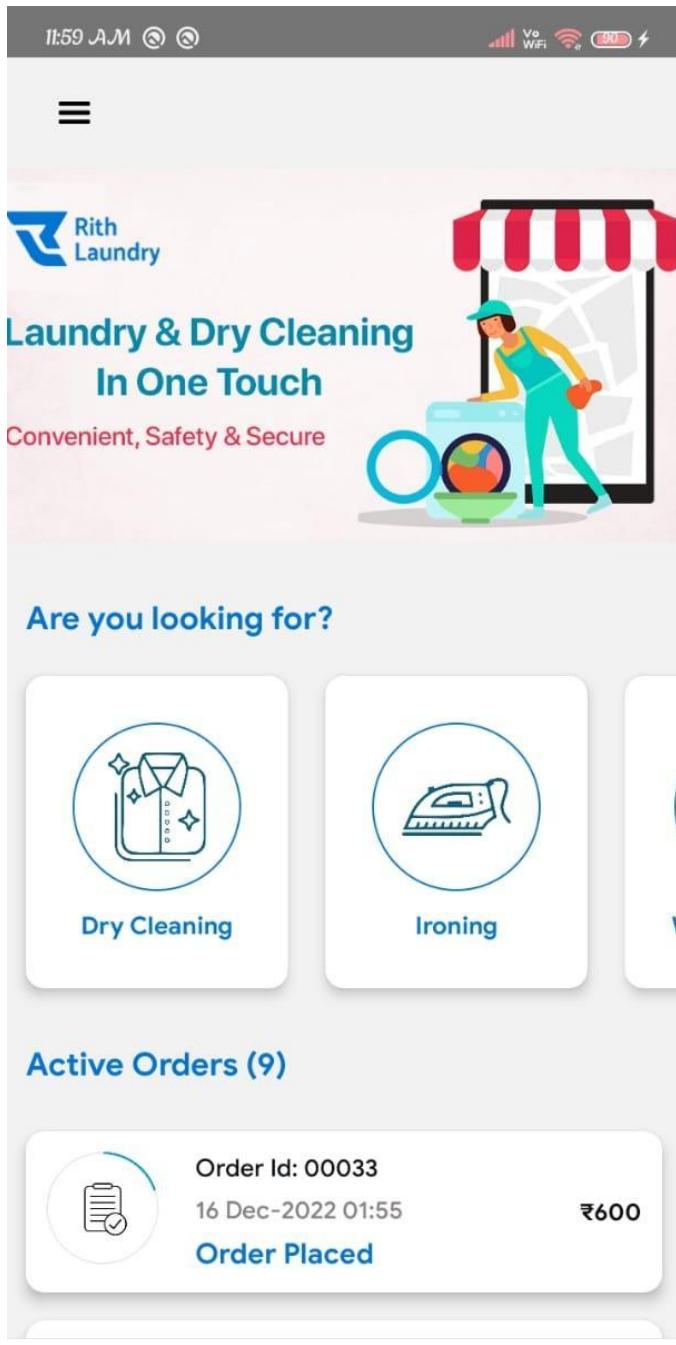

OTP:

You can validate your OTP number on the app's OTP page. If you need to change your password at the same time, you must also validate your OTP, which was sent to the phone number you registered.

HOME PAGE:

Here you can see the services which are all available.

PAYMENT GATEWAY:

Both online and cash on delivery options are available for payment.

The image displays two side-by-side screenshots of mobile payment interfaces for "Rith Laundry".

Screenshot 1 (Left): Shows payment options. At the top, there are two buttons: "Cash On Delivery" (with a cash icon) and "Online" (with a credit card icon). Below these are three large, semi-transparent rectangular boxes. The first box contains the text "Rith Laundry" and "Order Details". The second box contains "Delivery Address" and "Delivery Instructions". The third box contains "Payment Options" with the text "Paytm UPI - PayTM" and "UPI - Google Pay".

Screenshot 2 (Right): Shows preferred payment methods. At the top, it says "Preferred Payment Methods". It lists two items with checked checkboxes: "Paytm UPI - PayTM" and "UPI - Google Pay". Below this is a section titled "Cards, UPI & More" which lists several payment methods: "Card" (Visa, MasterCard, RuPay & More), "UPI" (Pay with installed app, or use others, showing icons for Google Pay, PhonePe, PayTM, and Others), "Netbanking" (All Indian banks), and "Wallet" (MobiKwik & More). At the bottom, it shows a total amount of ₹ 108.45 and a "Pay Now" button.

ORDERS LIST:

Customer can check all the orders and the details in my orders page, with the order id, price and the status.

The image consists of two side-by-side screenshots of a mobile application interface.

Left Screenshot (10:30 AM): This is the 'Profile' screen. It features a large blue circular profile icon with a white person icon inside. Below it is the name "Sarah". There are several input fields: one with the name "Sarah", one with a phone number "+91 98765 43210" and an Indian flag icon, one with an email address "sarath.menpani@gmail.com", and one for a password. A large blue button at the bottom right says "Update".

Right Screenshot (10:55 AM): This is the "Order Details" screen. At the top, there is a back arrow and the text "Order Details". Below this, there are two tabs: "Order Details" (which is selected, highlighted in blue) and "Track Order". The "Order Details" tab contains information about an order: "Order Id - 00033", "16 Dec-2022 01:55", and "Order Placed". There are also sections for "Door no / Landmark", "Pickup Date" (16 Nov-2022), "Pickup Time" (08:00 AM-09:00 AM), "Delivery Date" (17 Nov-2022), "Delivery Time" (08:00 AM-09:00 AM), "Delivery Address" (9B, near Babu Medicals, Maruthapadiy Nagar, Madurai, Tamil Nadu 625016, India), and "Payment Mode" (Cash On Delivery).

RITH LAUNDRY ADMINISTRATIVE PANEL

The admin panel serves as a central hub for handling and managing your entire program. You can configure the apps' function from it. It also enables viewing of all services and bookings. Additionally, you may control every parameter from here.

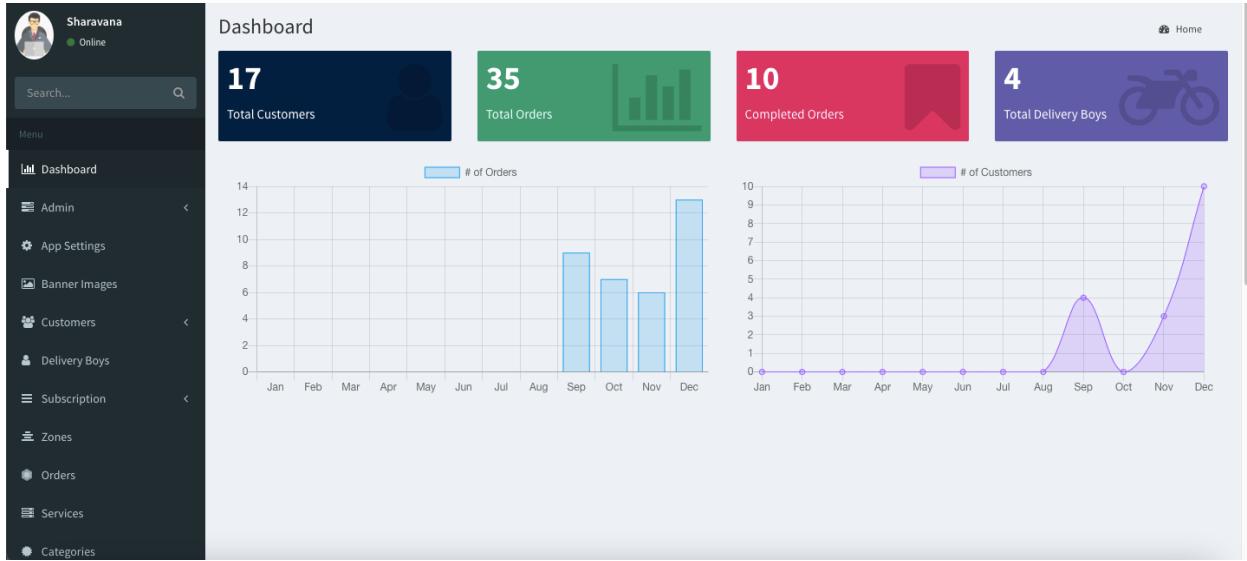

To accommodate everyone, this admin panel has been created. To work on technology, you don't need to be an expert in it. Your laundry service booking software will ensure that you require zero aid in observing what it is doing thanks to its responsive design and user-friendly layout.

LOGIN PAGE:

DASHBOARD:

Admin can view the overall report in this dashboard.

USER CONTROL:

All the users can control from the admin panel itself.

The roles list page shows a table with columns: ID, Slug, Name, Permission, Created At, Updated At, and Action. A single entry is listed: ID 1, Slug administrator, Name Administrator, Permission All permission, Created At 2019-07-21 03:46:33, Updated At 2019-07-21 03:46:33. The table includes filters, a new button, and export options.

ID	Slug	Name	Permission	Created At	Updated At	Action
1	administrator	Administrator	All permission	2019-07-21 03:46:33	2019-07-21 03:46:33	

CUSTOMER MANAGEMENT:

Admin can manage all the customers and their wallets here and also can control by add or edit or delete options.

The screenshot shows a customer management interface with a sidebar menu on the left. The sidebar includes options like Dashboard, Admin, App Settings, Banner Images, Customers (selected), Customer Wallet Histories, Delivery Boys, Subscription, Zones, and Orders. The main area is titled 'Customers List' and displays a table with 14 rows of customer data. The columns are: Id, Customer name, Phone number, Email, Status (all Active), and Action (represented by three dots). The data includes entries for Naveen, Manimaran, Sharavana, Siva, Kiruthika, Ram, Sarath, Nikil, Krishnaveni, Ani, sanwar alam, Test, and Rakesh Prajapati.

Id	Customer name	Phone number	Email	Status	Action
1	Naveen	9894371759	naveen@gmail.com	Active	⋮

DELIVERY BOYS MANAGEMENT:

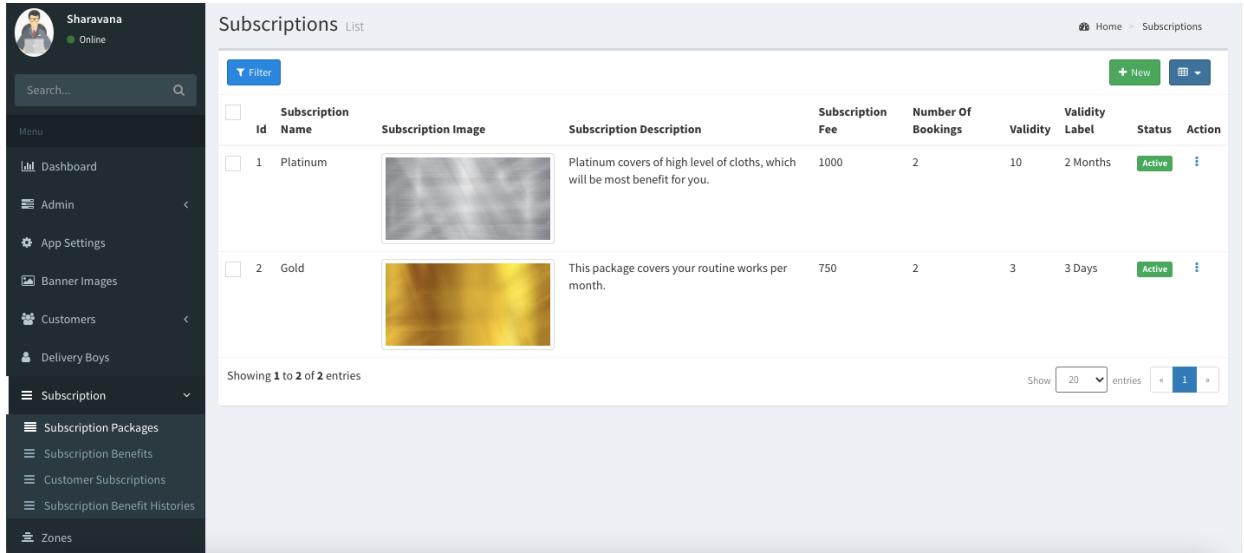

Admin can manage all the partners with add or edit or delete the details.

The screenshot shows a delivery boy management interface with a sidebar menu on the left. The sidebar includes options like Dashboard, Admin, App Settings, Banner Images, Customers, Delivery Boys (selected), Subscription, Zones, Orders, Services, and Categories. The main area is titled 'Delivery Boys List' and displays a table with 4 rows of delivery boy data. The columns are: Id, Delivery boy name, Phone number, Email, Status (all Active), and Action (represented by three dots). The data includes entries for Sarath, Kathir, Chotu, and mahi.

Id	Delivery boy name	Phone number	Email	Status	Action
4	Sarath	9789354285	sarath123@gmail.com	Active	⋮
5	Kathir	8070986543	kathir@gmail.com	Active	⋮
8	Chotu	508409364	mdc419417@gmail.com	Active	⋮
9	mahi	9987654300	mahi@gmail.com	Active	⋮

SUBSCRIPTION MODULE:

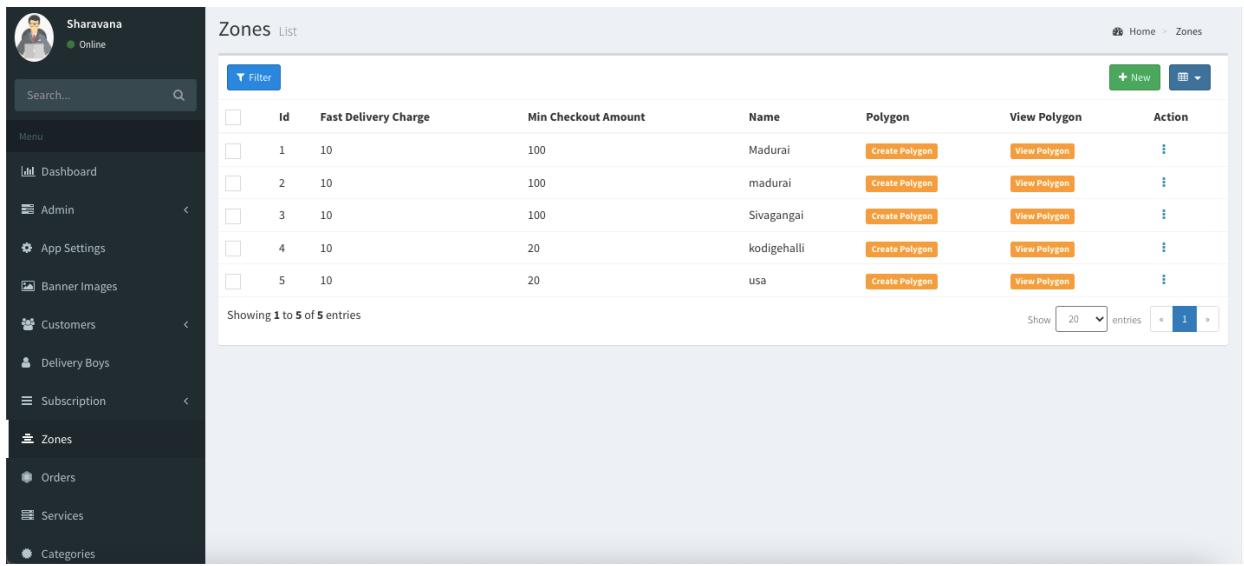

Admin can manage the subscriptions of the customers.

The screenshot shows a user interface for managing subscriptions. On the left is a dark sidebar menu with various options like Dashboard, Admin, App Settings, Banner Images, Customers, Delivery Boys, Subscription Packages, Subscription Benefits, Customer Subscriptions, Subscription Benefit Histories, and Zones. The main area is titled "Subscriptions List". It features a table with columns: Id, Name, Subscription Image, Subscription Description, Subscription Fee, Number Of Bookings, Validity Label, Status, and Action. Two entries are listed: "Platinum" (Subscription Image shows a grey abstract pattern) and "Gold" (Subscription Image shows a yellow/gold abstract pattern). The "Subscription Description" for Platinum states: "Platinum covers of high level of cloths, which will be most benefit for you." The "Subscription Description" for Gold states: "This package covers your routine works per month." At the bottom of the table, it says "Showing 1 to 2 of 2 entries".

ALLOCATING ZONES:

Admin can allocate and manage the zones for the delivery boys.

The screenshot shows a user interface for managing zones. The sidebar menu is identical to the one in the previous screenshot. The main area is titled "Zones List". It features a table with columns: Id, Fast Delivery Charge, Min Checkout Amount, Name, Polygon, View Polygon, and Action. Five entries are listed: "Madurai" (Fast Delivery Charge 10, Min Checkout Amount 100), "madurai" (Fast Delivery Charge 10, Min Checkout Amount 100), "Sivagangai" (Fast Delivery Charge 10, Min Checkout Amount 100), "kodigehalli" (Fast Delivery Charge 10, Min Checkout Amount 20), and "usa" (Fast Delivery Charge 10, Min Checkout Amount 20). Each entry has a "Create Polygon" and "View Polygon" button next to it. At the bottom of the table, it says "Showing 1 to 5 of 5 entries".

ORDER MANAGEMENT:

Admin can view all the orders with its details like id, customer name, delivery boy name, and status etc., also can edit or delete any options.

	ID	Order ID	Customer	Expected pickup date	Expected delivery date	Delivered by	Status	View Orders	Action
